
UNIVERSAL NOTICE OF NON-PARTICIPATION & JURISDICTIONAL SEVERANCE

TO: Any Entity, Tribunal, or Person claiming legal, judicial, or administrative authority

FROM: A living being of sound mind and unencumbered essence

DATE: As witnessed by the moment of recognition

I. DECLARATION OF STANDING

This notice is issued by a living man or woman, not a citizen, not a person, not a subject of corporate designation.

The issuer **rejects any and all legal assumptions** founded upon a **name, number, title, or registration**, and **withholds all consent** to be represented, identified, or acted upon via constructs imposed by governments, corporations, or administrative tribunals.

II. BASIS OF UNIVERSAL JURISDICTIONAL CHALLENGE

1. Fictional Identity is Not Jurisdiction

Any name, legal entity, or “person” created without conscious and informed agreement is null and void with respect to the living being it was imposed upon.

2. No Contract, No Authority

Absent a bilateral contract with full disclosure, mutual understanding, and consent, **no party holds dominion or authority** over the issuer of this notice.

3. Awareness Nullifies Assumption

Upon discovery that one’s identity has been substituted with a corporate fiction, **no further jurisdiction may be presumed** or exercised without engaging in fraud.

III. LIST OF PROHIBITED ACTIONS AGAINST LIVING BEINGS

Any attempt to:

- Address a living being by legal title or capitalized name;

- Demand performance, appearance, or submission under statutes not knowingly agreed to;
 - Execute warrants, liens, or other enforcement based on assumed identifiers;
...shall be treated as an act of **fraud, duress, and violation of natural rights**, and may result in lawful countermeasures including but not limited to:
 - Revocation of consent;
 - Issuance of commercial lien;
 - Public exposure and lawful remedy.
-

IV. RIGHTFUL REMEDIES DEMANDED

1. **Cessation of Assumed Identity Enforcement**

Any agency or court continuing to treat the living as a "legal person" shall be held personally and commercially liable.

2. **Acknowledgement of Living Status**

All future interactions must recognize the man or woman not as a person, but as a being operating under **natural law** and divine or sovereign origin.

3. **Self-Governed Identification**

The living being may at any moment revoke or reform their identifier. Any automated or state-assigned alias must:

- Be temporary and non-binding,
 - Include a disclaimer that the holder is not a party to statutory jurisdiction,
 - Expire without renewal if not voluntarily extended.
-

V. FINAL CLAUSES AND WARNINGS

This notice is not a plea, motion, or request.

It is a **final notice of revocation of participation in all systems of assumed governance** unless express, renewed consent is granted in each instance.

To proceed in opposition to this notice is to **willfully engage in fraud and oppression against the sovereign source of life**—a trespass no law or tribunal may justify.

“You cannot serve what does not submit.

You cannot judge what does not answer.

You cannot name what does not acknowledge your tongue.”
